

### Transfer conditions for undergraduate students by department and year of study

(Updated 29/08/2025)

Departmental Tutors retain the right to depart from these guidelines on a case-by-case basis, and if a department is full transfers will not normally be accepted.

Any student wishing to apply to transfer degree programme should complete the [Programme Transfer Request form](#) and should contact their current departmental tutor as well as the departmental tutor in the department into which they wish to transfer to discuss their case.

All degree programme transfers require the approval of both the current and new academic departments.

Students who hold a Student Visa must consult the [Student Advice and Engagement Team](#) on the visa implications of a programme transfer or internal readmission.

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
<b>Accounting</b>	BSc Accounting and Finance	Due to competition for places with (normally) first-year entry over-shoots, no transfers (if any) can be guaranteed until the Summer vacation. Applicants will be ranked on academic merit, taking account of reasons for transfer request. Students are expected to have taken the equivalent of AC100, EC1A3 and EC1B3 <u>or</u> EC1A5 and EC1B5, and MA and ST papers.	Transfers into the third year are not allowed.
<b>Anthropology</b>		Transfer applications are considered on an individual basis. It will normally be expected that applicants have already studied at least one unit's worth of anthropology.	Transfers into the third year are not allowed.
<b>Economics</b>	BSc Econometrics and Mathematical Economics		Students are not accepted into year 2 of the BSc Econometrics and Mathematical Economics and should consult Dr Shapiro about potential transfer to year 3. BSc EME will require evidence of exceptional

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
			motivation for research as well as outstanding results. Queries should be addressed to <a href="#">Dr Shapiro</a> .
	BSc Economics	The Department of Economics is not able to accept transfers into year two BSc Economics.	
<b>Economic History</b>	BSc Economic History	<p>Transfer applications are considered on an individual basis. However, for them to be considered, students must have achieved 60% or better in the equivalent of two full units, an average of 50% or better in the equivalent of the other two full units.</p> <p>Applicants who have not taken EH101 will be expected to demonstrate their interest and ability in Economic History.</p>	This is normally only allowed between degrees within the department.
	BSc in Economics and Economic History	<p>Transfer applications are considered on an individual basis. However, for them to be considered, students must have achieved 60% or better in the equivalent of two full units, an average of 50% or better in equivalent of the other two full units.</p> <p>Applicants who have not taken EH101 will be expected to demonstrate their interest and ability in Economic History.</p> <p>This degree has stringent prerequisites in the second and third year, which means that students need to have taken two of the following three prerequisites to transfer: first year micro- and macroeconomics (maths based), statistics, mathematics, and ideally EH101.</p>	This is normally only allowed between degrees within the department.

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
	BSc Economic History and Geography	<p>Transfer applications are considered on an individual basis. However, for them to be considered, students must have achieved 60% or better in the equivalent of two full units, an average of 50% or better in equivalent of the other two full units. This degree has fairly stringent prerequisites in the second and third year, which means that students need to have taken two of the following three prerequisites to transfer: first year micro and macroeconomics (maths based), EH101 and first year geography.</p> <p>Applicants who have not taken EH101 will be expected to demonstrate their interest and ability in Economic History.</p>	This is normally only allowed between degrees within the department.
Finance	BSc Finance	The Department cannot accept transfers into years two and three of this programme.	The Department cannot accept transfers into years two and three of this programme.
Geography and Environment	BA Geography	<ul style="list-style-type: none"> <li>• Pass mark in GY100</li> <li>• Pass mark in GY140 or other social science research methods course</li> <li>• Pass mark in courses acceptable as papers 3 and 4 in the regulations for BA Geography</li> </ul>	Standard transfer offer to Year 2 plus: <ul style="list-style-type: none"> <li>• Pass mark in GY240</li> <li>• Pass mark in other papers 6-8 in the regulations, or alternative papers available under suspension of regulations</li> </ul>

<b>Government</b>	All degree programmes	<p>For first year students outside of the Department, degree transfers into the Department are not routinely possible and can only be granted exceptionally to students who have an overwhelming reason to transfer AND satisfy all the <u>entry criteria</u> of the new degree that they wish to transfer into, at the discretion of the Department.</p> <p>For first year students in the Department, to preserve the integrity of LSE's admissions procedures, transfers between programmes in year 1 are ordinarily impossible. The only exception is that it might be possible for joint degree students (BSc Politics &amp; Economics; BSc Politics &amp; History; BSc Politics and International Relations; BSc Politics and Philosophy) to move to the single BSc Politics degree at the beginning of year 1.</p> <p>A transfer to the second year of a Politics degree programme can only be approved if students have</p>	<p>A transfer can only be approved if students have obtained an average mark of 60 or better as the average in the courses for which they have already been examined, including a mark of 60 or better in the majority of their courses, in all of their Government courses, and no fail in any course.</p> <p>Students should also satisfy the conditions for transfer to the second year of the degree.</p>

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
		<p>obtained a mark of 60 or better as the average in the courses for which they have already been examined, including a mark of 60 or better in the majority of their courses (60 or better in all of their Government courses), and no fail in any course and a spotless record in terms of class attendance and work.</p> <p>To be able to apply for a transfer to a Politics degree programme in second year, students MUST have successfully taken the following courses in their first year:</p> <ul style="list-style-type: none"> <li>• To transfer to the BSc Politics: Students must have taken GV100 and GV101. The two remaining courses can be outside options.</li> <li>• To transfer to the BSc Politics and Economics: Students must have taken GV100, GV101, EC1A3 and EC1B3, MA107 and ST107. Students may be able to take some of these courses in the first year as unlisted course requests.</li> <li>• To transfer to the BSc Politics and History: GV100, GV101 and two of HY113, HY116 and HY118. Students may be able to take some of these courses in the first year as unlisted course requests.</li> <li>• To transfer to the BSc Politics and International Relations: GV100, GV101, IR100 and a course from the list against <u>Paper 4</u> in the programme regulations.</li> <li>• To transfer to the BSc Politics and Philosophy: GV100, GV101, PH101/PH104 and PH103. Students may be able to take some of these courses in the first year as unlisted course requests. (Continues below...)</li> </ul>	

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
		*It may be possible for a student to take a required first year course in the second year if there is room in the new programme regulations. Students will need to discuss this with the Departmental Tutor in Government.	
<b>International History</b>	BA History and BSc International Relations and History	<p>There must be a space available on the degree/year that you wish to transfer to. Quotas will not be exceeded.</p> <p>A good academic track record in your previous programme i.e. 80% + attendance record and full coursework submission. Previous class teacher and academic adviser comments may also be taken into consideration.</p> <p>Two marks of 60% for specified History courses and average of 50% for the other two. Choices must fulfil all compulsory elements for Year 1, but, for BA History, one missing component may be made up as paper 8 in second year.</p>	<p>There must be a space available on the degree/year that you wish to transfer to. Quotas will not be exceeded.</p> <p>A good academic track record in your previous programme i.e. 80% + attendance record and full coursework submission. Previous class teacher and academic adviser comments may also be taken into consideration.</p> <p>Two marks of 60% for specified History courses (normally, papers 5 and 6 in the BA History degree) and average of 50% for the other two. Must fulfil Year 2 degree requirements. For the BA degree, this will mean at least papers 5 and 6, but if necessary can suspend regulations for the third History course (paper 7). This exemption was approved by former ASC when new BA was introduced. There is a cut-off date of Week 3 in the Spring term for switching to Year 3 in order to prepare for the compulsory dissertation.</p>
<b>International Relations</b>	BSc International Relations	Students who wish to transfer into the second year must have taken IR100 in their first year and at least one of the following courses: IR101, HY113 or HY116. If students have not taken IR101 in their first year, then they must take this as paper 8 in second year, with suspension of regulations. If students have taken neither HY113 nor HY116 in their first year, then they must take either HY113 or HY116 as paper 8 in second year, with suspension of regulations.	<p>We do not normally accept transfers into the third year. Students would have to have taken IR100 and either HY113 or HY116 in the first year, at least two of the 2nd year IR courses in the second year, and IR101 in either their first or second year. They would have to take a third 2nd year IR course as paper 12 in the third year.</p> <p>If students meet the above conditions, they will be given an offer for third year entry conditional upon</p>

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
		<p>Students get an offer for second year entry conditional upon achieving one mark of 68 or higher and an aggregate mark of 252 or higher in their first year exams.</p> <p>There must be a space available on the degree/year that you wish to transfer to.</p>	<p>achieving one mark of 68 or higher and an aggregate mark of 252 or higher in their second year exams.</p> <p>There must be a space available on the degree/year that you wish to transfer to.</p>
<b>Language Centre</b>	BSc Language, Culture and Society and BSc International Relations and Chinese	<p>For first year students outside of the Language Centre, degree transfers into the Centre's programmes are not routinely possible and can only be granted exceptionally to students who have an overwhelming reason to transfer AND satisfy all the entry criteria of the new degree that they wish to transfer into, at the discretion of the Language Centre.</p> <p>For first year students in the Language Centre, to preserve the integrity of LSE's admissions procedures, transfers between programmes in year 1 are ordinarily impossible unless there is an overwhelming reason to transfer.</p>	Due to the nature of the study abroad year, transfers into the third and fourth years are not possible.
<b>Law</b>	LLB	<p>As a general rule, the Law School does not accept transfers onto the LLB programme. In exceptional cases, a student who has completed at least one year of study on another undergraduate degree programme at LSE may be admitted to the LLB degree.</p> <p>To preserve the integrity of the Law School's admissions processes, a transfer applicant must demonstrate that they:</p>	Students cannot be accepted into Year 3 of the LLB.

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
		<ul style="list-style-type: none"> <li>• meet the normal entry requirements (including a strong performance on the LNAT);</li> <li>• would be competitive if they had applied to the programme directly;</li> <li>• have completed the required summative assessments for their original programme of study at LSE with exceptionally strong marks; and</li> <li>• there are compelling reasons to allow the transfer.</li> </ul> <p>In the exceptional circumstances a transfer to the LLB is granted, the student must join the programme in Year One, and complete the full three-year (12 credits) programme. This would be under the Internal Readmission procedure, rather than a programme transfer.</p> <p>We do not admit students into the second year of the LLB. The only exception is for students from Law and Anthropology, who may be admitted to the second year if they meet the normal entry requirements for LLB students and have completed two years of the Law and Anthropology degree with exceptionally strong marks.</p> <p>Students who have previously applied unsuccessfully to the LLB programme will not be reconsidered.</p>	

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
<b>Mathematics</b>	BSc Mathematics with Economics	Transfers will only be considered if the applicant is taking MA100, MA103, EC1A3, EC1B3, ST102. Applicants need to achieve 70% or above in MA100, and MA103, and 60% or above in the other two units.  We allow EC1A1 and EC1B1 to replace EC1A3 and EC1B3. We allow the pair ST109 and EC1C1 to replace ST102.	This is possible only in exceptional circumstances (dependent on the courses previously taken).
	BSc Mathematics with Data Science / BSc Financial Mathematics and Statistics / BSc Mathematics and Economics	Transfers will normally require MA100, MA102 or MA103, EC1A3, EC1B3, ST102. Applicants need to achieve 70% or above in MA100, and either MA103 or both MA102 and ST102, and 60% or above in the other two units.  Applicants who have not taken MA102 or MA103 may be permitted to transfer to Mathematics and Economics only in exceptional circumstances. Such applicants will need to achieve 70% or above in MA100 and both Economics half-units, and 60% or above in the other two units.  We allow EC1A1 and EC1B1 to replace EC1A3 and EC1B3. We allow the pair ST109 and EC1C1 to replace ST102.	This is possible only in exceptional circumstances (dependent on the courses previously taken).
<b>Management</b>	BSc Management	Management will not take transfers into 2nd and 3rd years except in very exceptional circumstances.	Management will not take transfers into 2nd and 3rd years except in very exceptional circumstances.
<b>Philosophy, Logic and Scientific Method</b>	BSc Philosophy, Logic and Scientific Method	Marks of 60% or above on all courses. The Department will normally specify that at least one of these is a compulsory first year Philosophy paper (either PH111 or PH103). Whichever of these has not been taken in the first year must be taken in the second in lieu of an outside option (i.e., candidates who transfer forego the possibility of taking an outside option in their second year).	Not normally available and, if granted exceptionally, students must have PH111, PH103 and at least two further Philosophy papers among their second year courses. All courses must have marks of 60% or above.

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
	BSc Philosophy, Politics and Economics	Marks of 60% or above on all courses, which should include MA107 and ST107 or more demanding maths/stats courses as well as at least a further 1.5 units 1 <sup>st</sup> year courses in Philosophy, Politics or Economics.	This is not possible.
	BSc Philosophy and Economics	Marks of 60% or above on all courses, which should include MA107 and ST107 or more demanding maths/stats courses as well as at least a further 1.5 units 1 <sup>st</sup> year courses in Philosophy and/or Economics.	This is not possible.
<b>Psychological and Behavioural Science</b>	BSc Psychological and Behavioural Science	The Department cannot accept transfers into the 2 <sup>nd</sup> or 3 <sup>rd</sup> years of this programme.	The Department cannot accept transfers into the 2 <sup>nd</sup> or 3 <sup>rd</sup> years of this programme.
<b>Social Policy</b>	BSc International Social and Public Policy	Two marks of at least 60% and two of at least 50% in first year. Must normally have taken at least two courses coinciding with papers 1, 2, 3 or 4 and, unless granted permission otherwise by the Department, take any missing courses as papers 7 and/or 8 in second year.	The Department does not normally accept transfers into year 3 of this programme of study.
	BSc International Social and Public Policy and Economics	The Department does not normally accept transfers into Year 2 of this joint degree programme of study.	The Department does not normally accept transfers into year 3 of this joint degree programme of study.

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc/LLB)	Standard transfer offer to Year 3 (BA/BSc/LLB)
	BSc International Social and Public Policy with Politics	The Department does not normally accept transfers into Year 2 of this joint degree programme of study.	The Department does not normally accept transfers into year 3 of this joint degree programme of study.
<b>Sociology</b>	BSc Sociology	Students are required to get 70% or above in one course, marks in the mid to high 60s in two courses, and a mark no lower than 55 in their fourth course. Students are also required to take the first year core courses in their second year.	This is only permitted in exceptional circumstances. Requirements - Students are required to have 70% or above in two courses, four marks in the mid to high 60s, and two marks no lower than 55. Students are also required to take the core second year courses (SO201 and SO221) and a Sociology optional course.
<b>Statistics</b>	BSc Actuarial Science	Students are required to get 70% or above in MA100 and ST102, and no fails. Eligibility for a transfer should be discussed with the Actuarial Science programme director.	Eligibility for a transfer should be discussed with the Actuarial Science programme director. Students need to have completed all courses prescribed in the programme regulations, with three full units of Year 2 courses achieved 60% or more and no fails.
	BSc Mathematics, Statistics and Business (MSB)	Students are required to get 60% or above in MA100 and ST102, and no fails. Eligibility for a transfer should be discussed with the MSB programme director.	Eligibility for a transfer should be discussed with the MSB programme director. Transfers will only be considered if ST202/ST206, MA212/MA222 and ST211/another full unit (or 2 half units) of Statistics course have been taken in the second year.
	BSc Data Science	Students are required to get 60% or above in MA100 and ST102, and no fails. Preferably students have completed ST101 and ST115 and achieved 60% or above. Eligibility for a transfer should be discussed with the Data Science programme director.	Eligibility for a transfer should be discussed with the Data Science programme director. At least 7 full units of courses (including ST101 and ST202/ST206) as prescribed in the programme regulations need to have been completed.
