

## Transfer conditions for undergraduate students by department and year of study

(Updated 19/07/2022)

Departmental tutors retain the right to depart from these guidelines on a case by case basis, and if a department is full transfers will not normally be accepted.

Any student wishing to apply to transfer degree programme should complete the Request to Transfer Degree Programme form (available at <https://info.lse.ac.uk/current-students/services/programme-transfer>) and should contact their current departmental tutor as well as the departmental tutor in the department into which they wish to transfer to discuss their case

All degree programme transfers require the approval of both the current and new academic departments.

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc)	Standard transfer offer to Year 3 (BA/BSc)
<b>Accounting</b>	BSc Accounting and Finance	Due to competition for places with (normally) first-year entry over-shoots, no transfers (if any) can be guaranteed until the Summer vacation. Applicants will be ranked on academic merit, taking account of reasons for transfer request. Students are expected to have taken the equivalent of AC100, EC1A3 and EC1B3 or EC1A5 and EC1B5, and MA and ST papers.	Transfers into the third year are not allowed.
<b>Anthropology</b>		Transfer applications are considered on an individual basis. It will normally be expected that applicants have already studied at least one unit's worth of anthropology.	Transfers into the third year are not allowed.
<b>Economics</b>	BSc Econometrics and Mathematical Economics		Students are not accepted into year 2 of the BSc Econometrics and Mathematical Economics and should consult Dr Shapiro about potential transfer to year 3. BSc EME will require evidence of exceptional motivation for research as well as outstanding results. Queries should be addressed to Dr Shapiro, <a href="mailto:j.c.shapiro@lse.ac.uk">j.c.shapiro@lse.ac.uk</a>
	BSc Economics	Transfers for 2021/22 have now been concluded and the deadline has passed.  The Department of Economics is not able to accept transfers into year two BSc Economics for 2022/23 and after.	This is normally only allowed between degrees within the Economics Department.

Department	Degree Programme(s)	Standard transfer offer to Year 2 (BA/BSc)	Standard transfer offer to Year 3 (BA/BSc)
<b>Economic History</b>	BSc Economic History	60% or better in two courses, an average of 50% or better in the other two subjects. Applicants who have not taken EH101 will be expected to demonstrate their interest and ability in Economic History.	This is normally only allowed between degrees within the department.
	BSc Economic History with Economics	60% or better in two courses, an average of 50% or better in the other two subjects. Applicants who have not taken EH101 will be expected to demonstrate their interest and ability in Economic History.	This is normally only allowed between degrees within the department.
	BSc in Economics and Economic History	60% or better in two courses, an average of 50% or better in the other two subjects. Applicants who have not taken EH101 will be expected to demonstrate their interest and ability in Economic History.	This is normally only allowed between degrees within the department.
	BSc Economic History and Geography	60% or better in two courses, an average of 50% or better in the other two subjects. This degree has fairly stringent prerequisites in the second and third year, which means that students need to have taken two of the following three prerequisites to transfer: first year economics, EH101 and first year geography. Applicants who have not taken EH101 will be expected to demonstrate their interest and ability in Economic History.	
<b>Finance</b>	BSc Finance	The Department cannot accept transfers into the 2 <sup>nd</sup> or 3 <sup>rd</sup> years of this programme.	The Department cannot accept transfers into the 2 <sup>nd</sup> or 3 <sup>rd</sup> years of this programme.
