The COA is set by the school but may be adjusted downwards by the student to reflect your specific needs.

You may borrow up to the COA set by the School.

The LSE recognizes that a student's total expenses for the academic year may exceed the LSE cost of attendance. In such instances a student can submit an appeal form. Appeal forms will be reviewed by FICC to examine selected education-related expenses and evaluate your option for additional loan funding.

If you need to borrow more than the allowable cost of attendance you should submit a Cost of Attendance Budget Appeal Form 2023/24 (**Form COABA**).

As part of the eligibility checks and origination process the LSE will:

- Create a secure loan file for each borrower.

If the School are unable to access the required documentation, we will contact you.

Further information on the checks the School are required to undertake when reviewing your application are as follows:

Selective Service

Formerly students who had not registered for Selective Service and are aged 25 or over were required to demonstrate that they did not knowingly and intentionally fail to register. The *FAFSA Simplification Act 2020*⁴ removed the requirement that male students register with Selective Service before the age of 26 to be eligible for Federal Aid.

Failing to register will no longer impact a student's Title IV eligibility. **Note:** Questions related to Selective Service will be removed from the FAFSA application completely by 2023/24 award year.

⁴DCL ID: GEN-21-04 [Early Implementation of the FAFSA Simplification Act's Removal of Selective Service and Drug Conviction Requirements for Title IV Eligibility](#).

Entrance Counselling

Federal Regulations require you to complete Entrance Counselling, [see section 6](#) for further information.

Students returning to the LSE for a second year of study who have completed counselling in their first year are not required to complete it again.

Proof of citizenship

Students are required to provide proof of citizenship or eligible non-citizenship; the LSE will review your Student Aid Report and contact you should there be any queries.

“C” Flags on Student Aid Reports (SAR)

Any “C” flag comments on SARs will be reviewed by the School, we will be unable to progress the loan application through to origination and disbursement until the flag issue is resolved. We will contact student borrowers where required. We are required to document the successful resolution on your loan file.

Subsequent changes to your Student Aid Report (SAR)

If a change is made to your SAR an ISIR (Institutional Student Information Record) will be issued to the School. The School are required to review each ISIR, ensuring your loan eligibility is not impacted. If the review does impact your eligibility, we will contact you. The checks are required prior to packaging aid, originating a loan and at each disbursement.

Other checks

We are also required to undertake the following checks against your Student Aid Report

- Any Loan outstanding – Any outstanding loan payments will be highlighted in the SAR and this may impact your right to borrow Federal Aid.
- Aggregate loan limits: Borrower should not have exceeded aggregate loan limits.
- Dependency Status: Your SAR should match the details provided in your COA submission.
- EFC – Expected Family Contribution: The EFC should match the value entered on your COA.

Drug Conviction

The *FAFSA Simplification Act 2020* removed the drug conviction requirement from Title IV aid eligibility. Having a drug conviction while receiving federal Title IV aid will no longer impact a student's Title IV aid eligibility.

FAFSA Simplification Act 2020⁵

Failure to register with Selective Service or having a drug conviction while receiving Federal Aid will no longer impact a student's aid eligibility.

FAFSA will continue to list comment codes for both Selective Service and drug convictions, with messaging that resolution is required to regain eligibility. Institutions have been advised that for ISIRS received on or after the implementation date of this requirement, must ignore the comments codes and no resolution is required.

⁵ DCL ID: GEN-21-04 Early Implementation of the *FAFSA Simplification Act's* Removal of Selective Service and Drug Conviction Requirements for Title IV Eligibility See [federalregister.gov/d/2021-12762/p-22](https://www.federalregister.gov/d/2021-12762/p-22)

Section 5 – Satisfactory Academic Progress (SAP)

The LSE is required to make sure that all students receiving Federal Student Aid are registered on an eligible programme of study and maintaining a minimum level of academic progress.

US Federal regulations (34CFR 668.16, 668.32, 668.34, 446.42) require that all students, who are in receipt of US Federal Student Aid, must maintain Satisfactory Academic Progress (SAP). Failure to do so can result in the loss of eligibility to receive further funding.

It is highly recommended that you read the LSE's Satisfactory Academic Progress Policy for Federal Aid Recipients, the Policy can be accessed via the following webpage info.lse.ac.uk/SAP

Section 6 – Disbursements⁶

Federal loans originated by the LSE will be disbursed in the three equal instalments, normally this coincides with the first week of each term.

For each disbursement the LSE is required to make sure that:

- You are making Satisfactory Academic Progress (SAP)
- Are enrolled at least half time on an eligible programme
- Not studying in the United States
- Have not violated any Federal compliance regulations
- Parent Plus loan borrowers are contacted (where applicable) offering the option to cancel or reduce the funds (form LCF) The Parent borrower must also give permission for the loan funds to be disbursed directly the student. In such instances The School will issue a Parent Plus Loan Authorisation form (PPLA) to parent borrowers as part of the origination and application process, the parent "borrower" will have the option to authorise the School to credit the surplus loan to the students' bank account.

The actual GBP (Sterling) you receive will vary as it is dependent on the exchange rate from USD to GBP at the time of the disbursement. The rate applied will be a retail rate and not the interbank rate.

Disbursements will be posted to your **Student Finance Hub Account**, you should navigate to My Finance > US Loans. You will see a full summary of Loans disbursed to date in USD and what the conversion values are in GBP.

The LSE will issue you with a **Notice Prior to disbursement** (for each disbursement), this notice will

- Advise how much loan you are *expected* to receive in USD \$
- An **estimate** GBP conversion (using a retail rate on the date the notice was issued)
- How and when the disbursements will be made
- Include advice and procedures on the borrower's right to cancel all or a portion of the loan, including the deadlines.

⁶34 C.F.R. § 668.165(a)

Once your loan has been fully disbursed the LSE will issue you with a **Notice of Disbursement** (for each disbursement). **Note:** We are required to deduct institutional charges from each of your loan disbursements, where your loan does not cover your termly instalment, you will be required to settle the balance via the **Student Payment Portal**.

We will in each disbursement stage:

- 1 Deduct a third of your Tuition fees (where fees are due)
- 2 Deduct a third of your Residential fees (If in an LSE Halls of Residence)
- 3 Arrange settlement into your UK bank account if there is a surplus credit.

Calculation: Loan **less** Tuition **less** Residential fees = Surplus value paid to you in GBP.⁷

The disbursement notice issued from the LSE will detail:⁸

- How much loan has been disbursed in USD \$
- The converted value in GBP £
- The exchange rate
- The total deducted for Institutional charges (Tuition Fees and Residential Fees, where applicable)
- The surplus payment (if applicable) which has been made to you for cost-of-living expenses
- The method used for the surplus payment, this will be EFT/Wire or Draft.

⁷ If you have an LSE Fee Scholarship award or have paid your fees directly to the School, we will include this in our calculations.

⁸ Our Partners **Convera** will issue a standard notice of disbursement from their platform, the notice referred to in this guide is a more detailed notice – the notice will be issued from **fees@lse.ac.uk**

Section 7 – Right to cancel or adjust your loans

As a student or parent borrower, you have the right to cancel the entire loan or any portion (a specific disbursement) of your loan. Requests to cancel a specific loan disbursement may be submitted prior to the date of crediting to your account or within **14 days** of the notice prior to disbursement notification.

If a disbursement has already credited your LSE account, then you may only request to cancel that disbursement if a surplus payment has not been generated. Please note that you can request to cancel future disbursements.

If a surplus payment has not been generated, you must request to cancel the disbursements within **14 days** of notification that the funds disbursed to your account.

If a surplus payment has been generated, you will be required to repay the funds to the Department of Education directly, please contact your loan servicer for further information.

We have created a loan calculator which should be used to assist you with requesting loan increases, decreases and cancellations. The calculator can be found on the Schools Federal Aid webpage info.lse.ac.uk/federalaid

- If you wish to cancel your loan you must complete a Loan Cancellation form (Form reference LCF) together with the loan change calculator.
- If you wish to increase or decrease your loan you must complete a Loan Increase/Decrease form (Form reference LIDF) together with the loan change calculator.

Section 8 – Bank details for surplus loan payments

The School have partnered with Convera to process your loan surplus payments in a secure and compliant way. At the start of Autumn term (Term 1) You will be invited to submit your UK bank details via a secure platform so that we can settle your loan surplus payment by EFT/wire transfer.

If you do not have a UK bank account at the point of the first disbursement, a draft will be issued. Once you have successfully opened your UK bank account, you can deposit the draft.

You should only enter your own personal bank account details and not that of a third party or family member. We will audit the bank details submitted and may contact you to confirm that the bank details provided are correct.

Note:

- 1 We **cannot pay** Federal loans to an international bank account
- 2 All Federal loan surplus funds will be paid in **GBP**
- 3 If you are unable to collect a draft after it has been issued, we can at your request cancel the draft and settle the funds via EFT/wire transfer as soon as you have a UK bank account. Students wishing to cancel drafts must email fees@lse.ac.uk with Subject Reference Surplus Loans Draft cancellation request. You should include the draft value and date of issue.

Section 9 – Change of circumstances: Interrupting and withdrawing

If you withdraw from your Programme, suspend status, drop below half-time enrolment, or otherwise become ineligible for Title IV Aid, you must email the Fees, Income and Credit Control team immediately. fees@lse.ac.uk

Provisions within (34 CFR 668.22- USDE regulations) require the School to return unearned funds to the US Department of Education.

The LSE will calculate the amount of Federal Aid that has been earned, using a formula provided by the US Department of Education, if you have received more aid than was earned, the excess funds must be returned to the US Department of Education by you and/or the School.

It is highly recommended that you read the LSE's *US Student Loans and Federal Aid Return of Title IV Funds Policy*, the Policy can be accessed via the following webpage info.lse.ac.uk/RT24
