Purpose and background

The Tuition Fee Policy forms part of the contract between you the student and the School. This Policy should be read in conjunction with the School's **Conditions of Registration and Enrolment**.

Conditions of Registration and Enrolment do not apply to Summer School students, non-degree level Language Centre students or Executive Education Course students. Regulations for those students can be found via the links below:

This policy is accompanied by a set of operating appendices which give detailed explanations of the way the School administers this policy.

Students are required to pay the fees and charges applicable to their programme. Fee levels are determined based on fee status and mode of attendance.

Tuition fees for all programmes are normally published 15 months in advance and can be found on the School website. Provisional figures are published for those fees not directly under the School's control.

Students retain ultimate liability for the payment of tuition fees, including where sponsorship agreements have been approved. The School will always seek to recover fees directly from students in cases where payment from other approved sources is not forthcoming. The School reserves the right to take appropriate action against students who fail to pay their fees, or make satisfactory arrangements to pay by the end of a set period.

Students must be in Good Financial Standing with the School throughout their period of study. "Good Financial Standing" means not owing money to the University other than by the written consent of the School. Any student who is not in Good Financial Standing will be subject to the penalties outlined in the **Credit Management Policy**.

The School reserves the right to prevent students from participating in graduation ceremonies and to withhold degree certificates, transcripts and references due to non-payment of tuition fees. Additionally students in default of payment will be unable to re-enrol or participate in subsequent academic year studies until all existing outstanding fees have been settled. In the event of any conflict between this policy and other documents or publications containing reference to fees, this policy shall have precedence. For further information please see the **Credit Management Policy**.

Principles:

The School is committed to a fair and transparent policy in respect of the fees and charges it expects students to pay. The School has an obligation to provide upfront, clear, intelligible and unambiguous information.

This Policy applies to all students where there is a fee liability payable. Fee liability is determined by the Fees Group, they are distinguished as:

- **Standard Fee Groups:** UG Degree, UG General Course, PG Research, PG Taught, MRes, MRes PhD, Visiting Research Students, Exchange (including UG exchange, PG exchange and research exchange), Executive MSc, MBA.
- **Non-Standard Fee Groups:** Summer School, Executive Education Courses, non-degree level Language Courses/Programmes and Atlantic Fellows.
- **Intercollegiate Fees:** Students from a **University of London College**.

The School reserves the right to change, amend or alter this policy during the academic year if considered appropriate and necessary to do so.

Only Fees, Income and Credit Control (hereinafter FICC) staff are authorised to provide a definitive statement on tuition fees.

All other tuition fee information provided by non-authorised staff shall be considered advisory only and non-binding to the School. Students or staff requiring definitive confirmation of fees should contact **Fees, Income and Credit Control**.

All fees are published by the School and are payable in pounds (GBP, £) sterling, unless otherwise stated.

Section 1: Fee setting and annual fee level increases

- 1.1 Standard Fee Group** levels under the School's control are set by the School's Council around 15 months ahead of the academic year that they relate to.
- 1.2** Programme fee levels may be subject to change during the academic year for those Executive Master's programmes that operate a number of start dates throughout an academic year. Any changes to programme fee levels will be communicated directly to affected individuals and will be advertised in the Table of Fees. Otherwise no changes to fee levels that are under the School's control will occur mid-year for any taught programmes that operate a single start date during the academic year. Students who withdraw, interrupt or change programme will be advised by Student Services of any adjustment to their fee.
- 1.3** Tuition Fees are paid in each year (academic session) for which students are enrolled, and may rise each year. The fees will not stay the same as the year in which students start unless specified.
- 1.4** Tuition Fees are charged for all students at the School, unless otherwise advised.
- 1.5** The fee levels for current and the forthcoming academic years are available in advance to help students to plan their finances. Additionally fee levels from previous academic years are available on the [School website](#).
- 1.6** Overseas undergraduate fees, for entrants in 2021/22 and later, is charged at a flat rate according to the year of entry; ie, students commencing their studies in 2023/24 will be charged the same fee as that which is charged in 2023/24, in each subsequent year of study. The fee level charged for each new cohort will continue to increase.
- 1.7** From 2023/24, new Overseas Undergraduate students will pay a fee based on which tier their programme is in – see table "Overseas Undergraduate Fees by Programme for 2023/24 Entry". This fee will be fixed from the year of entry, so students will pay the same amount each year for the duration of their programme. Fee levels for each new Overseas Undergraduate cohort will rise each year.
- 1.8 Protected Fees Policy:** Tuition fees typically increase each academic year. If the fee for a taught postgraduate programme changes above the standard increase (eg, due to a programme moving to a different fee band), then any students already registered on the programme in their first year will have their fee protected when they progress to the second year; such students will be registered on full time programmes involving more than one year of study or undertaking part time study. In such instances the lower fee level (plus standard increases) will be applied for the remaining years of study.

- 1.9** The Home Undergraduate fee for a study year abroad (either as part of an exchange scheme or without an exchange) has been set by the UK Office for Students at a maximum of approx. 15 per cent of the full-time fee in the year the student starts their programme. This fee applies regardless of the year within the programme that the year abroad is taken.

For Home Undergraduates starting their programme in 2019/20, 2020/21, 2021/22 and 2022/23, the fee for the year abroad is £1,385. (NB. For Home Undergraduates who started their programme in 2018/19, the fee is £1,350).

For Overseas Undergraduates who started their programme in 2022/23 or earlier, the fee for the year abroad is £4,625 (50 per cent of the Home Undergraduate full-time fee of £9,250).

Please note that the fee structure for Overseas Undergraduates taking an exchange/study abroad year will change from 2023/24. Where the exchange/study abroad year is not a compulsory part of a Language Centre BSc, Overseas Undergraduates who start in 2023/24 or later will pay the full-time fee of whichever programme they are taking as normal.

Overseas Undergraduates who take a compulsory year abroad on one of the Language Centre's two BScs will pay 15 per cent of the full-time Overseas fee. For students who start on one of these programmes in 2023/24, this fee is £3,696.

Information on Erasmus undergraduate exchanges can be found [here](#).

- 1.10** The School has control of all other fee setting with the exception of the joint programme with the **LSHTM** which is set annually in consultation with the LSHTM.
- 1.11** The School charges Home research students in line with the level of fee that the Research Councils recommend. The fees for a particular year of study are announced by Research Councils UK around 8 months prior to the start of an academic session; a provisional fee is, therefore, referenced in the **Table of Fees** until the confirmed fee is known. The provisional fee is calculated based on recent patterns of inflation applied by the Research Councils.
- 1.12** Fees charged for part-time graduate students will be half the full-time fee for each year of study. Undergraduate programmes are not available for study on a part-time basis. Part-time fees for undergraduates relate to full-time students who are allowed to repeat tuition by the repeat teaching panel, further information can be found in section 9.
- 1.13** The School reserves the right to correct administrative errors and to recover any associated shortfall in fees, but will consider exceptional mitigating circumstances on a case-by-case basis to determine a payment plan if deemed appropriate.
- 1.14** Where study is undertaken at a Partner institution conditions will be determined by the Institution of study unless otherwise specified, if not specified this policy will apply.
- 1.15 Non-Standard Fee levels** are set annually. Prior to this, the fee levels have already been through the School's Committee cycle for endorsement.

- 1.16 Intercollegiate Fee charging:** All students from other colleges of the University of London should be charged for taking courses at the School unless there are institutional agreements to the contrary or reciprocal arrangements in place.
- 1.17** Students of the London School of Hygiene and Tropical Medicine (LSHTM) registered on the joint MSc in Health Policy, Planning and Financing will pay fees to LSHTM. The fees will then be split between the School and LSHTM on the basis set out in the institutional agreement.
- 1.18** Intercollegiate students will be charged a fee which is proportional to the relevant full time fee for a similar programme at the School. Thus, in the commonest example, a student taking a single full unit course would be charged one quarter of the relevant full time rate. The fees per full unit course for 2023/24 can be found in the Intercollegiate charging table (Appendix 3)
- 1.19** All intercollegiate students being taught must be enrolled with LSE through the Student Services Centre and be recorded on the School's student record system, having paid or guaranteed any fee charged. The School will invoice the college concerned and not the student. The fees are payable to the School and not to an academic department or an individual academic. In the case of default, normal fee recovery procedures and penalties will apply.
- 1.20** Intercollegiate students enrolled on any course taught at LSE will be deemed to have entered for the assessment. If they enroll after the closing date for LSE students the School does not guarantee to take account of their choice in scheduling assessment.
- 1.21** Where a pre-session course is required for an intercollegiate student before progression to another LSE course is permitted, a fee equivalent to a half unit for a similar programme will be charged. Students who do not progress beyond the pre-session course will not receive a fee refund. Those who progress to a half unit course at the School will not be required to pay a further fee. Those who progress to a full unit course at the School will be required to pay a fee equivalent to a further half unit.
- 1.22** Placement Year Fees: The Home Undergraduate fee for a placement year has been set by the UK Office for Students at a maximum of 20 per cent of the full-time fee in the year the student starts their programme. For Home students starting the BSc Actuarial Science (with a Placement Year) in 2023/24, the fee for the placement year is **£1,850**.
- The Overseas Undergraduate fee for a placement year is 20 per cent of the full-time programme fee in the year the student starts the programme. For Overseas students starting the BSc Actuarial Science (with a Placement Year) in 2023/24, the fee for the placement year is **£5,136**.

Section 2: Fee status

The amount of tuition fees you will need to pay, and any financial support you are eligible for, will depend on whether you are classified as a Home or Overseas student, otherwise known as your fee status. LSE assesses your fee status based on guidelines provided by the Department of Education.

The **Education (Fees and Awards) (England) Regulations 2007** govern the definition of Home and Overseas students for the purpose of fees. These regulations enable individual institutions to classify the fee status of students. The onus is on individual students to satisfy the institution that they meet the criteria to be classified as home status for the purpose of fees.

- 2.1 Standard Fee Groups** are charged according to a student's fee status.
- 2.2** New entrants to programmes in 2023/24 or subsequent years will be eligible for either Home or Overseas fee status as outlined in Appendix 9.
- 2.3** EEA/Swiss nationals who are new entrants to LSE programmes from 2022/23 may be classified as either Home or Overseas fee payers, depending on their specific circumstances. See section 2.9 for details. Continuing EEA/Swiss students enrolled prior to 2021/22 will retain their Home status for the duration of their programme.
- 2.4** The rate charged depends on a student's nationality, immigration status in the UK and place of residence prior to enrolment at the School. For further information, please visit the UKCISA [website](#).
- 2.5** The School applies government regulations to assess which fee status is appropriate for each student. The same regulations are applied at all English universities (other UK universities use similar regulations) but each institution is expected to make its own assessment, which cannot be influenced by the decision of another institution.
- 2.6** Assessments of fee status are carried out on an individual basis and are based on the individual circumstances of each applicant. Assessments cannot be carried out until an application for admission has been processed. For further information please visit the [School website](#).

- 2.7** An applicant who wishes for their fee status to be reconsidered should contact the relevant Admissions teams immediately as a fee status is not normally amended after an offer is accepted. A potential student with an offer who disputes their fee status should be aware that the School will need enough time to consider the query. A written request must be submitted to the relevant Admissions Office before an offer is accepted, arrival, and no later than 1 September 2022, and a definite answer from the School must be received before enrolment.
- 2.8** The School reserves the right to review an offer of admission and the award of any financial aid if a fee status changes. Once registered as a student, a fee status will only be reclassified in exceptional circumstances (either a change in the law or a change to the status of the student). Any change in fee status will usually not commence until the first day of a subsequent academic year (1 September).
- 2.9** Eligibility for Home status was revised by the UK government for new students starting from 2021/22. Students who are nationals of the EEA or Switzerland starting a course on or after 1 August 2021 will only be classified as Home if they have Settled or Pre-Settled status under the EU Settlement Scheme, or other Brexit Protected Rights, and they meet the relevant 3-year residence requirement. Family members of UK citizens who have been living in the UK, and UK citizens and their families who have been living in the EEA, will also be classified as Home if they meet all the criteria. For the full eligibility criteria for these people, and the other categories of student who pay the Home fee, and for free detailed advice and guidance about fee status, see **UK Council for International Student Affairs (UKCISA)**.
- 2.10** If a student starts a new programme fee status will be re-assessed. Further information on Fee Assessment can be found on the **School website**.
- 2.11** A full list of fee statuses can be found in Appendix 9.

Section 3: Financial undertaking and financial liability

- 3.1 Completion of the FUF is a condition of your offer and is compulsory for all offer holders, you will not be permitted to enrol if you fail to submit the form.
- 3.2 By submitting the FUF you confirm that you have sufficient funding in place to cover your tuition and all other costs during your time at LSE.
- 3.3 A FUF must be completed even if you have paid some or all your tuition fees.
- 3.4 If there is any change to the funding situation of a student, a new FUF must be submitted, for further information please refer to **Financial Undertaking and Financial Liability: Tuition Fees and Living Costs**.
- 3.5 **Re-enrolment:** Students will not be permitted to re-enrol if their tuition fee liability has not been paid in full. In such circumstances, students will not be allowed to attend classes or receive teaching until such time as the fees have been paid. Students who are unable to clear a historical tuition fee debt before the start of the following academic year should seek to interrupt their studies to ensure that they are granted permission to be on a break from receiving teaching (See 9.1 to 9.3).

- 4.4** In the event of a sponsor failing to pay fees on behalf of a student, the student becomes liable for fee payment. If a sponsor fails to pay and subsequently goes into liquidation or receivership, the University will try to assist students with a reasonable payment arrangement, but will be unable to waive any fees due.
- 4.5** Invoices issued to sponsors will be subject to standard payment terms of 30 days from date of invoice; payment plans are not available for sponsors.
- 4.6** Sponsors will be required to enrol and pay for student fee invoices through the **Sponsors Payment Portal**.
Sponsors should refer to the **Payment Policy Terms and Conditions** for further information on payment terms and payment methods.

- 5.4** If the fee status, mode of study or programme of study changes, the LSE Scholarship or award will be reviewed in line with changes made and may be amended or withdrawn.
- 5.5** If the award holder interrupts their studies, the LSE scholarship or award will be reviewed and may be reduced or withdrawn.

- 9.8 Students **will not** be charged tuition fees if they withdraw by the Friday of the fourth week after their enrolment date in their first year of study. After this period, students are liable to pay fees up to the Friday after the last day of attendance. Fees will be calculated pro rata on a weekly basis based on 29 weeks of teaching/academic support/assessment in each academic year. Charges are not applied for weeks where teaching/academic support/assessment is not provided, for example vacation periods or where the School is officially closed. This applies to full-time and part-time students in this category, other calculations may apply for Non Standard Students. Once withdrawal has been processed, students will be notified by email once fee liability has been calculated.

9.10 Students who withdraw from their programme permanently after having being granted an interruption of study in the same or previous academic year(s) will have fees recalculated at the time of withdrawing in accordance with points 9.8-9.9. Students who withdraw permanently after having previously interrupted might be charged a different or higher tuition fee than they were charged when they interrupted if the final charge takes place in a later year.

Standard Fee Groups: Transfer of programme or change of mode of study:

9.15 Students who wish to transfer programme or change their mode of study must obtain prior academic agreement, including discussion of: (1) any academic implications with their Academic mentor or Programme Director and the Student Services Advice and Engagement Team or the PhD Academy for MPhil/PhD students.
