Purpose and background

The Tuition Fee Policy forms part of the contract between you the student and the School. This Policy should be read in conjunction with the School's Conditions of Registration.

Conditions of Registration do not apply to Summer School students nor to non-degree level Language Centre students. Regulations for those students can be found via the links below:

Summer School

Students are required to pay the fees and charges applicable to their programme. Fee levels are determined based on fee status and mode of attendance.

Tuition fees for all programmes are published 15 months in advance and can be found on the School website. Provisional figures are published for those fees not directly under the School's control.

Students retain ultimate liability for the payment of tuition fees, including where sponsorship agreements have been approved. The School will always seek to recover fees directly from students in cases where payment from other approved sources is not forthcoming. The School reserves the right to take appropriate action against students who fail to pay their fees, or make satisfactory arrangements to pay by the end of a set period.

Students must be in Good Financial Standing with the School throughout their period of study. "Good Financial Standing" means not owing money to the University other than by the written consent of the School. Any student who is not in Good Financial Standing will be subject to the penalties outlined in the Credit Management Policy.

The School reserves the right to prevent students from participating in graduation ceremonies and to withhold degree certificates, transcripts and references due to non-payment of tuition fees. In the event

This policy is accompanied by a set of operating appendices which give detailed explanations of the way the School administers this policy.

of any conflict between this policy and other documents or publications containing reference to fees, this policy shall have precedence. For further information please see the **Credit Management Policy**.

Principles:

The School is committed to a fair and transparent policy in respect of the fees and charges it expects students to pay. The School has an obligation to provide upfront, clear, intelligible and unambiguous information.

This Policy applies to all students where there is a fee liability payable. Fee liability is determined by the Fees Group, they are distinguished as:

- **Standard Fee Groups:** UG Degree, UG General Course, PG Research, PG Taught, MRes, MRes PhD, Visiting Research Students, Exchange (including UG exchange, PG exchange and research exchange), Executive MSc, MBA.

- **Non-Standard Fee Groups:** Summer School, Executive Summer School, non-degree level Language Courses/Programmes and Atlantic Fellows.

- **Intercollegiate Fees:** Students from a **University of London College**.

The School reserves the right to change, amend or alter this policy during the academic year if considered appropriate and necessary to do so.

Only Fees, Income and Credit Control (hereinafter FICC) staff are authorised to provide a definitive statement on tuition fees.

All other tuition fee information provided by non-authorised staff shall be considered advisory only and non-binding to the School. Students or staff requiring definitive confirmation of fees should contact **Fees, Income and Credit Control**.

All fees are published by the School and are payable in pounds (GBP, £) sterling, unless otherwise stated.

Section 1: Fee setting and annual fee level increases

- 1.1 Standard Fee Group** levels under the School's control are set by the School's Council around 15 months ahead of the academic year that they relate to.
- 1.2** Programme fee levels may be subject to change during the academic year for those Executive Master's programmes that operate a number of start dates throughout an academic year. Any changes to programme fee levels will be communicated directly to affected individuals and will be advertised in the Table of Fees. Otherwise no changes to fee levels that are under the School's control will occur mid-year for any taught programmes that operate a single start date during the academic year. Students who withdraw, interrupt or change programme will be advised by Student Services of any adjustment to their fee.
- 1.3** Tuition Fees are paid in each year (academic session) for which students are registered, and may rise each year. The fees will not stay the same as the year in which students start unless specified.
- 1.4** Tuition Fees are charged for all students at the School, unless otherwise advised.
- 1.4** The fee levels for current and the forthcoming academic years are available in advance to help students to plan their finances. Additionally fee levels from previous academic years are available on the School website.
- 1.6 Protected Fees Policy:** Tuition fees typically increase each academic year. If the fee for a taught postgraduate programme changes above the standard increase (eg, due to a programme moving to a different fee band), then any students already registered on the programme in their first year will have their fee protected when they progress to the second year; such students will be registered on full time programmes involving more than one year of study or undertaking part time study. In such instances the lower fee level (plus standard increases) will be applied for the remaining years of study
- 1.7** The maximum Home/UK, Home/EU undergraduate fees are set by the UK Government. Home/UK, Home/EU undergraduates who participate in a year abroad exchange scheme can be charged a maximum of 15 per cent of the fee for the year in which they started their programme of study, eg, students starting in 2015/16 on a fee of £9,000 will be charged a maximum of £1,350 for the exchange year, regardless of the year of study when the exchange is actually taken. Overseas students will be charged 50 per cent of the Home/UK, Home/EU undergraduate fee for the year in which they undertake their exchange year.
- 1.8** The School has control of all other fee setting with the exception of the joint programme with the **LSHTM** which is set annually in consultation with the LSHTM.

- 1.9** The School charges Home UK/Home EU research students in line with the level of fee that the Research Councils recommend. The fees for a particular year of study are announced by Research Councils UK around 8 months prior to the start of an academic session; a provisional fee is, therefore, referenced in the **Table of Fees** which has been calculated based on recent patterns of inflation applied by the Research Councils.
- 1.10** Fees charged for part-time graduate students will be half the full-time fee for each year of study. Undergraduate programmes are not available for study on a part-time basis. Part-time fees for undergraduates relate to full-time students who are allowed to repeat tuition by the repeat teaching panel, further information can be found in section 9.
- 1.11** The School reserves the right to correct administrative errors and to recover any associated shortfall in fees, but will consider exceptional mitigating circumstances on a case-by-case basis to determine a payment plan if deemed appropriate.
- 1.12** Where study is undertaken at a Partner institution conditions will be determined by the Institution of study unless otherwise specified, if not specified this policy will apply.
- 1.13 Non-Standard Fee levels** are set annually. Prior to this, the fee levels have already been through the School's Committee cycle for endorsement. Further information on the approval cycle can be found via the **School's website**.

- 1.14 Intercollegiate Fee charging:** All students from other colleges of the University of London should be charged for taking courses at the School unless there are institutional agreements to the contrary or reciprocal arrangements in place.
- 1.15** Students of the London School of Hygiene and Tropical Medicine (LSHTM) registered on the joint MSc in Health Policy, Planning and Financing will pay fees to LSHTM. The fees will then be split between the School and LSHTM on the basis set out in the institutional agreement.
- 1.16** Intercollegiate students will be charged a fee which is proportional to the relevant full time fee for a similar programme at the School. Thus, in the commonest example, a student taking a single full unit course would be charged one quarter of the relevant full time rate. The fees per full unit course for 2017/18 can be found in the Intercollegiate charging table (Appendix 3)
- 1.17** All intercollegiate students being taught must be registered with LSE through the Undergraduate Office or Graduate School as appropriate and be recorded on the School's student record system, having paid or guaranteed any fee charged. The School will invoice the college concerned and not the student. The fees are payable to the School and not to an academic department or an individual academic. In the case of default, normal fee recovery procedures and penalties will apply.
- 1.18** Intercollegiate students registered on any course taught at LSE will be deemed to have entered for the examination. If they register after the closing date for LSE students the School does not guarantee to take account of their choice in scheduling examinations.
- 1.19** Where a pre-sessional course is required for an intercollegiate student before progression to another LSE course is permitted, a fee equivalent to a half unit for a similar programme will be charged. Students who do not progress beyond the pre-sessional course will not receive a fee refund. Those who progress to a half unit course at the School will not be required to pay a further fee. Those who progress to a full unit course at the School will be required to pay a fee equivalent to a further half unit.

Section 2: Fee Status

- 2.1 Standard Fee Groups** are charged according to a student's fee status, these are currently: Home EU/Home UK and Overseas.
- 2.2** The rate charged depends on a student's nationality, immigration status in the UK and place of residence prior to registration at the School. For further information, please visit the UKCISA [website](#).
- 2.3** The School applies government regulations to assess which fee status is appropriate for each student. The same regulations are applied at all English universities (other UK universities use similar regulations) but each institution is expected to make its own assessment, which cannot be influenced by the decision of another institution.
- 2.4** Assessments of fee status are carried out on an individual basis and are based on the individual circumstances of each applicant. Assessments cannot be carried out until an application for admission has been processed. For further information please visit the [School website](#).
- 2.5** An applicant who wishes for their fee status to be reconsidered should contact the relevant Admissions teams immediately as a fee status is not normally amended after an offer is made. A potential student with an offer who disputes their fee status should be aware that the School will need enough time to consider the query before 1st September. A written request must be submitted to the relevant Admissions Office before arrival and a definite answer from the School must be received before registration.
- 2.6** The School reserves the right to review an offer of admission and the award of any financial aid if a fee status changes. Once registered as a student, a fee status will only be reclassified in exceptional circumstances (either a change in the law or a change to the status of the student). Any change in fee status will usually not commence until the first day of a subsequent academic year (1 September).
- 2.7** A student may become eligible for a Home/UK, Home/EU fee on the first day of a subsequent academic year if they (or a relevant family member) becomes a refugee; if they (or their spouse/civil partner or parent) are refused asylum but granted Humanitarian Protection or another specified form of leave; if they already met the relevant three-year residence requirement on the first day of the first academic year of their course and they become an EU national (or the family member of an EU national), an EEA or Swiss migrant worker (or the family member of such a person), the child of a Swiss national or the child of a Turkish worker; if they are studying in England in any academic year from August 2016/17 onwards and they meet the requirements of the new "Long residence" category. These scenarios will require a formal re-assessment of fee status; however, a change in fee status is not automatic or implied.

2.8 If a student starts a new programme fee status will be re-assessed. Further information on Fee Assessment can be found on the **School website**.

2.9 Non-Standard Fee Groups will be determined by the course choices made during the application to study. Charges will accrue progressively (if applicable) through the programme as additional courses are undertaken. Students are required to pay for courses as part of the registration process and are required to settle fees due prior to, or at the point of each course sign up/registration. There will be no instalment options available.

– For further information on the Terms and Conditions for the Language Centre please visit the **School website**.

– For further information on the Terms and Conditions for the Summer School please visit the **School website**.

Section 3: Financial Undertaking and Financial liability

- 3.1 Standard Fee Group Students** must have sufficient funds before starting a programme, and declare it on the Financial Undertaking Form prior to Registration; this forms part acceptance of offer and is a condition of registration.
- 3.2 Non-Standard Fee Groups** are not required to submit a Financial Undertaking Form, but should ensure that sufficient funds are in place prior to applying/ registering on a course.
- 3.3** Any debt owed to the School remains outstanding and payable regardless of a student's registration status. This applies to all student fee groups. For further information please see the **Credit Management Policy**.

Section 4: Commercial sponsorship

- 4.1** A sponsor is a company, government body, employer, charitable or third party non-domestic organisation; a relative, individual or friend is not deemed an official sponsor.
- 4.2 Standard Fee Group Students:** Students in receipt of full or part sponsorship must provide written evidence of funding prior to or at Registration (Appendix 5). Where sponsorship is secured after registration or after fees have been charged, evidence should be provided as soon as possible so that fee liability can be amended. In all instances, this should be on official headed paper and signed by the sponsor. Such documents can be sent as an original paper copy to **Fees, Income & Credit Control**, or submitted via a scanned electronic copy of the original letter to Finance Hub.
- 4.3** In the event of a sponsor failing to pay fees on behalf of a student, the student becomes liable for fee payment. An invoice or statement will be issued and standard 30-day payment terms will apply. If a sponsor fails to pay and subsequently goes into liquidation or receivership, the University will try to assist students with a reasonable payment arrangement, but will be unable to waive any fees due.
- 4.4** Invoices issued to sponsors will be subject to standard payment terms of 30 days from date of invoice; payment plans are not available for sponsors.
- 4.5 Non-Standard Fee Groups:** The Summer School accept payment of tuition by a sponsor but consider the student to be fully responsible and liable for tuition fees. All documents should be directed to the Summer School/Language Centre. Please ensure you have fully read the **Term and Conditions**.

Section 5: Awards and Scholarships

Standard Fee Group Students:

- 5.1 Scholarships/Awards:** The School offers a variety of scholarships to its students, further information can be found on [the School website](#).
- 5.2** Any scholarship or award will be automatically put towards the tuition fees unless otherwise specified by the Financial Support Office.
- 5.3** It is a condition of any LSE Scholarship or award that the recipient is registered on a programme of study and remains a registered student for the duration of the academic year.
- 5.4** If the fee status, mode of study or programme of study changes, the LSE Scholarship or award will be reviewed in line with changes made and may be amended or withdrawn.

- 5.5** If the award holder interrupts their studies, the LSE scholarship or award will be reviewed and may be reduced or withdrawn.
- 5.6** If an award covers only part of tuition fees, students are responsible for paying the remaining balance of tuition fees.

Non-Standard Fee Groups:

- 5.7** Summer School and non-degree level Language Centre students are ineligible for awards and scholarships.

Section 6: Discounts and remission of fees

Applicable to Standard and Non Standard Fee Groups

- 7.1 A student is personally responsible for the payment of tuition fees and related charges in accordance with due dates.
- 7.2 In the absence of funding or sponsorship students are liable for tuition fees.
- 7.3 This policy is designed to supplement and co-ordinate two important areas that relate to payment processing. These are the School's Payment Acceptance Strategy (PAS); to provide students and customers with effective, flexible and consistent payment options, and the worldwide initiative to safe guard security and protect against fraud; the Payment Card Industry Data Security Standards (PCI DSS). The payment terms and payment methods are in compliance with these standards and are regularly reviewed for best practice.
- 7.4 The School is required to comply with **Anti Money Laundering (AML) regulations**.

7.9 Only payment plans authorised by FICC will be recognised, confirmation of payment plans will be emailed to students.

7.10 Requests for bespoke payment plans must be submitted to FICC, consideration will be based on the individual's financial standing with the School, including any previous financial standing; the nature of the debt; the size of the debt, and the student's current proposed level of study.

7.11 Payment plans are not offered for students that fall into this category, however there may be specific fee payment arrangements made in accordance with a student's chosen course.

Students are required to provide evidence of the Career Development Loan prior to or at registration for exemption from the School's standard Fee Payment Policy terms and conditions. Students who withdraw permanently after having previously interrupted might be charged a different or higher tuition fee than they were charged when they interrupted if the final charge takes place in a later year.

Further detail on how fees are calculated can be found in Annex 8.
