Klarna.

Klarna (or SOFORT) is an online banking payment service that enables you to use e-banking to make quick and secure bank transfers without incurring any charges. It is used by students who have a bank account in the UK and Europe.

In 2014 Sofort was acquired by Klarna, and the Klarna group was established. Following a major re-branding initiative in August 2017, the Sofort payment method became visually integrated under the Klarna product range.

Klarna Payment Process

This guide shows you the WU® GlobalPay for Students payment experience for LSE Students from the UK and Europe. They will use Klarna as the payment option.
