

New Statements 5

INDUCTION

What is Statements 5 ?

- Financial reports accessed via a web browser
- Security based on LSE network ID (single sign-on)
- Access remotely via remote desktop
- Runs against warehoused data, refreshed overnight.
- Update to Statements4, with additional functionality

What is new?

- Web based therefore no client installation
- All reports 'drillable'
- Multiple export formats (.xls (excel) .pdf .csv .doc (word) .tiff etc.)
- Active/Inactive code filters
- Forecasts available in summary reports
- Comprehensive 'Landing page' filters
- Enhanced transactional drilldowns
- Enhanced transaction search report
- Enhanced payroll code reporting on summary and transactional reports
- Budget transactions report
- Warehoused data = faster performance
- Simplified report options

Compatibility

Statements 5 should be compatible with any web browser. We have tested it successfully on

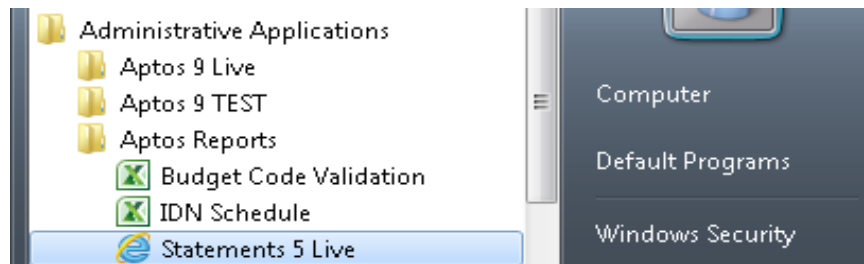

- Internet Explorer
- Chrome
- Firefox

Note that document image viewing is currently only supported on IE, and has issues. This system is due to be upgraded by mid-2015 and will then be compatible with any browser.

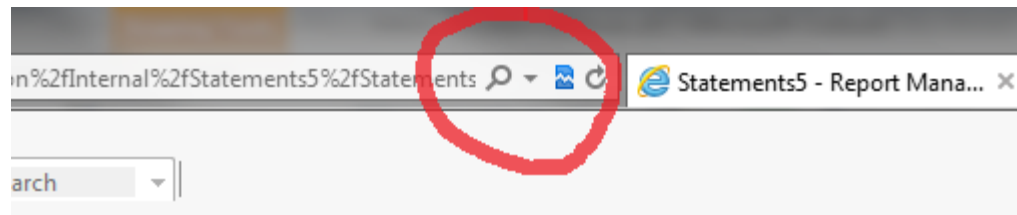

Aside from the document viewing issues, our preferred browser is Chrome.

Opening Statements 5

- To access to the Statements 5 ‘Landing page’, Go to your Desktop Start Button and select “ All Programs > Administrative Applications” followed by....

- If you are experiencing difficulty with the above, use ...
 - Short URL = <http://www.lse.ac.uk/ssrs-reports-statements5>
- Note, if using IE you will need to click the ‘compatibility view’ icon, else some of the right hand side of the report to fail to display..

- LSE username determines which budget codes are visible
- User accounts maintained by Financial Reporting and Analysis (formerly Management Accounts)
- Payroll budget codes are restricted

NEW SIGNATURE & APTOS ACCESS AUTHORISATION FORM

New Statements 5 Roll-out Plan

- The launch of Statements 5 is based on a **gradual roll-out** to all existing users of Statement 4 and new users . At the end of April 2015 there are over 200 users.
- Pre-requisite for access to Statements 5 assignment to the LSE Finance signatory Database. The Financial Systems Team will given access to new users upon request.
- There will be a ***Surgery scheduled monthly*** , to address specific user concerns.
- **Statements 4** will still be supported [*including bug fixes*] for the foreseeable future
 - But there will be no further developments or enhancements.
- **New Users:** Our preference is that an assigned *Super-user* for the department conducts a **Statements 5** induction session for new users.
