Submitting a Request to Recruit using the School's E-Recruitment System, an Overview : Academic, Research, Teaching & Professional Services Staff

A request to recruit must be submitted using the School's e-Recruitment system. The request is comprised of three core stages, all of which take place within the e-Recruitment system:

- 1. Completion and submission of the request to recruit.
- 2. Approval of the request to recruit from your Financial, Planning & Analysis (FP&A) Manager.
- 3. Approval of the request to recruit from your HR Adviser.

Once these stages are completed, your HR Administrator will publish your role across the requested platforms.

Before progressing with your request, you will need to ensure that you have the following:

- An Advert, Job Description and Person Specification. It is your role to ensure that you have the most up to date template. Templates can be found <u>here</u> under the Advertising Templates tab.
- A correct budget code. If you are unsure of your budget code, you should contact your FP&A Manager.

Timescales:

- Your FP&A Manager has up to three working days to approve your request. Should you
 require approval sooner than this, you should contact them directly.
- Your HR Adviser has one working day to review your request. Should you require a review sooner than this, you should contact them directly.
- Your HR Administrator will publish your role within two working days upon receipt of funding approval.

COMPLETING YOUR REQUEST TO RECRUIT USING THE E-RECRUITMENT SYSTEM:

Completion of information should be undertaken by the Hiring Manager (Chair of the Panel) or, their delegated authority (Vacancy Manager):

The Request to Recruit form should be completed using the School's e-Recruitment system and prior to any recruitment activity taking place.

Once you have submitted your request, your FP&A Manager will receive an automated email asking them to log-in to the system to review your request.

You will receive an automatic notification to confirm the outcome once it has been reviewed by your FP&A Manager.

What you need to ensure prior to submitting your request:

- You have included the full and correct budget code to which the post will be costed.
- You have prepared and reviewed all your advertising content and used the correct templates. Any queries regarding this should be discussed with your HR Adviser prior to engaging with the e-recruitment system.
- You have provided the correct details for your FP&A Manager and HR Adviser. This is essential to ensure that your request is sent to the correct person.

*Note: information which is incorrect and/or incomplete means that your request will be rejected. Once a request is rejected you will receive an email to notify you of this. You will need to click on the link in the email to go back to review your form and update the information required. Any errors will be confirmed to you in the rejection comments.
