NATIONAL APPRENTICESHIP WEEK

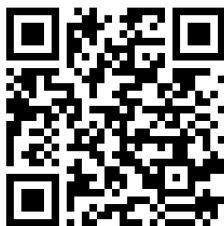

5th - 9th of February, 2024

Drop-In Sessions

These are voluntary drop - in sessions where refreshments are provided for staff to drop in and interact with the Organisational Learning and find out more about apprenticeships and opportunities to gain new skills.

Insight Session - Data Foundations Apprenticeships

This is a carefully curated insight session dedicated to apprenticeship programmes designed for managers and HR professionals across the organisation who work with large volumes of data on a daily basis. You'll discover valuable insights into available apprenticeship programmes and learn how to access these apprenticeships to support your team's data management needs.

Insight Session - HR Standards

This Insight session is designed for HR professionals who want to know more about available apprenticeship programmes with the focus on professional development at all levels. It offers training on HR principles, workforce trends, people management, and career advancement opportunities. Staff will learn how to access available apprenticeships to equip themselves with essential HR management skills and qualifications

Insight Session - Coaching Level 5

This Insight session is designed for staff who are interested in gaining a coaching qualifications and want to know more about the available apprenticeship programmes for their professional development. Staff will learn how to access available apprenticeships to equip themselves with essential coaching knowledge, skills and qualifications.

Leadership & Management Apprenticeships Clinic

Discover Available Apprenticeships for Leadership & Management Professional Development. Join the Leadership & Management Apprenticeships Clinic to learn about the apprenticeships that are available to support your professional growth. The session will cover programmes like the Level 3 Team Supervisor Apprenticeship Programme and the Level 5

Operations/Departmental Manager Apprenticeship Programme. By attending, you'll gain valuable insights into accessing apprenticeships, which can help you progress in leadership and management roles with certified qualifications.

Career Quiz Workshop

Finding an apprenticeship that caters to your specific skill set is crucial for success and personal growth. To help you find the most suitable apprenticeship opportunity, we invite you to participate in a career quiz during our upcoming NAW with the OL team. This quiz will help identify your strengths and areas that could use more support. This will help us to provide tailored recommendations and discover available apprenticeships to support your professional development and wellbeing at work.
