# 2017/18 Fee Levels

The figures quoted are for one year of study (the 2017/18 session) at LSE only, unless stated otherwise. If your programme includes a period of study at another institution, e.g. MSc Global Media and Communications, the fees for that time will be set by the institution in question and payable there. Likewise, if your programme covers more than one year at LSE, the new fee levels for your second and succeeding years will be payable in due course.

Please note that fees are paid in each year (academic session) for which you are registered, and normally rise in each year. They do not stay the same as the year in which you started. LSE reserves the right to alter the level of fee. Changes in fee levels may occur over the year (e.g. for programmes that operate with multiple entry dates). You should check the following table for the latest levels. Where marked, fees are provisional.

If you register as a part time graduate student the fees quoted are for the first year of study only. In your second year you will pay fees proportionate to the appropriate full time fee at that
