Dear Professor Calhoun

Prevent duty monitoring: resubmission of evidence outcome

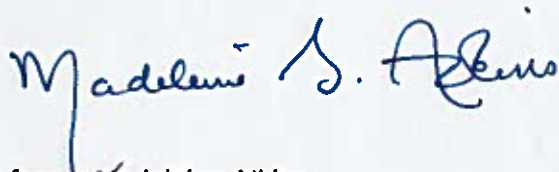

I am pleased to inform you that following the resubmission of further evidence and information your institution now **satisfies** HEFCE that you have had regard to the Prevent statutory guidance in your response to the Prevent duty. I reached this conclusion following advice from HEFCE officers. This decision supersedes my previous conclusion as stated in my letter to you on 01 June. My conclusion also assumes that the policies, procedures and arrangements described in your submission and in response to follow-up questions are being and will continue to be actively applied.

Next steps

No immediate actions are required following receipt of this letter. However, we will be writing to you in due course with further information about the annual report from your Governing Body which we require to be sent to us by 01 December 2016.

If you have any further questions or queries, please contact your Prevent Adviser – Arlene Francis in the first instance.

Yours sincerely

Professor Madeleine Atkins
Chief Executive
