[Exam sub-board local rules](#)

Full-year programme. Students take courses to the value of five units: seven compulsory courses and electives to the value of one unit and as shown below.

All students are required to attend the introductory course MG4J1 Introduction to Mathematics and Data Analysis for Managers.

Students who choose to transfer to the Work Placement Pathway must undertake a work placement and assessment in addition to the courses listed below. Students have the option to transfer to the Work Placement Pathway upon receipt of an offer to undertake an internship placement, which must be approved by the Department. Students on this pathway are required to undertake a full-time internship or work placement during the summer and to submit an essay of 2000 words following the placement (see MG4M2 for details). The essay will be assessed on a pass/fail basis and students must pass the essay to graduate from the programme.

Please note that places are limited on some optional courses. Admission onto any particular course is not guaranteed and may be subject to timetabling constraints and/or students meeting specific prerequisite requirements.
