

CLEMENT HOUSE LEARNING SPACES

Design Team:

LSE Project Manager: Gabija Bingelyte

Principal Contractor: Vinci

Project Information:

Type: Refurbishment

Budget: £68k

Area/Size GIA: 96m²

Construction period: July - September 2016

In response to the Student Survey LSE recognised the necessity to enhance the informal study spaces available to students around the campus. LTI introduced a pilot scheme to test a variety of modular furniture and technology to encourage informal learning experience. These rotunda landing spaces within Clement House were previously underutilised and uninviting.

Thanks to the improvements to lighting, WiFi, seating and general ambience the new ad hoc learning spaces now contribute to the student experience, providing a lively collaborative environment.
