

# Display Energy Certificate

## How efficiently is this building being used?

London School of Economics  
141-143, Drury Lane  
LONDON  
WC2B 5TB

**Certificate Reference Number:**  
0794-9626-9510-9190-3703

This certificate indicates how much energy is being used to operate this building. The operational rating is based on meter readings of all the energy actually used in the building including for lighting, heating, cooling, ventilation and hot water. It is compared to a benchmark that represents performance indicative of all buildings of this type. There is more advice on how to interpret this information in the guidance document *Display Energy Certificates and advisory reports for public buildings* available on the Government's website at: [www.gov.uk/government/collections/energy-performance-certificates](http://www.gov.uk/government/collections/energy-performance-certificates).

### Energy Performance Operational Rating

This tells you how efficiently energy has been used in the building. The numbers do not represent actual units of energy consumed; they represent comparative energy efficiency. 100 would be typical for this kind of building.

More energy efficient

Less energy efficient

### Total CO<sub>2</sub> Emissions

This tells you how much carbon dioxide the building emits. It shows tonnes per year of CO<sub>2</sub>.

### Previous Operational Ratings

This tells you how efficiently energy has been used in this building over the last three accounting periods.

### Technical Information

This tells you technical information about how energy is used in this building. Consumption data based on actual meter readings.
