Kit Lock – folding bicycle lockers

1. With the indicator in the open position, turn the dials to the factory pre-set combination 0-0-0-0.
2. Depress the Reset Button fully and hold, turn the dials to your desired combination.
3. Once you have chosen and set your combination, turn the outer casing so the indicator is in the locked position.
4. Make a note of your chosen combination and scramble the dials. The lock is now locked.
5. To reopen, rotate the dials to your chosen combination and turn the outer casing so the indicator is in the open position.
6. If you have an issue with the lockers please report to Marshall Building reception: 0207 107 5760
