## KNOW YOUR BUILDING – WINDOW OPERATION

### **Manually operated window**

These windows can be opened and closed manually to suit users, by turning handle.

### **Electronically openable windows**

These windows can be opened or closed, as banks of windows, by pressing and holding the switch located near to the windows.

### **Automatic windows**

These windows are linked to the Building Management System (BMS) and will open and close automatically as dictated by the system.

### **Maintenance Access Only**

These windows, without handles, are for access only and can only be opened by the Estates FM Maintenance Team.
